SUMMARY

Enthusiastic and motivated fresher with knowledge in Core Java, Spring Boot, HTML, CSS, JavaScript, and MySQL. Also familiar with Android Studio basics. Interested in full-stack development and looking forward to gaining real-world experience by working on software projects in a collaborative environment.

EXPERIENCE

Mobile App Development Internship

Ak Info Park   **June 2024 – July 2024, Nagercoil**

· Gained hands-on experience in mobile application development

· Worked on developing, testing, and debugging Android applications.

· Enhanced understanding of app lifecycle, UI/UX design, and database integration.

PROJECT

SnapMart (Spring Boot, RESTful API, Thymeleaf, HTML, CSS, Bootstrap, MySQL)

· Developed a fully functional e-commerce web application where users can browse products, view categories, add items to a shopping cart, and proceed to checkout.

· The application includes dynamic content rendering using Thymeleaf, a stylish responsive UI with Bootstrap, and animations using AOS for a modern user experience.

SmartQR Attendance Tracker (PHP, Xampp, MySQL, HTML/CSS/JAVASCRIPT)

· Developed a QR-based attendance tracking system to streamline student attendance management.

· Built using PHP and MySQL, the system allows teachers to generate QR codes for students to scan, automatically recording in-time and out-time. time.

· Integrated an admin panel for managing students, departments, and attendance records.
